PROPERTY GROUP NW

Listing Guide

01 CLEAN & ORGANIZER

You want to look good online and in person so put things away and clean up!

02 BINS BINS BINS

We all love our own stuff, but you don't want to distract buyers. Buy some bins and use them to declutter!

03 THINK ABOUT REPAIRS

Consult with your realtor prior to listing about what repairs will have a good return on investment.

04 PROFESSIONAL PHOTOS ONLY

NO CELL PHONE PICTURES! Your realtor should be hiring a professional photographer!

05 CONSIDER STAGING

First impressions are everything so consider bringing in a professional to stage your home.
